

DSA

Master Crafted Doors

FULL COLLECTION CATALOG VOLUME XXIV

welcome

The warm welcome of a wood door is a timeless everyday luxury. No other material can compare to the natural touch and appearance of wood.

For centuries, homeowners have invested in wood doors for their capability and dependability. Properly maintained, beautiful solid wood doors are cherished for many generations.

For over 40 years, our team at DSA Doors has worked tirelessly to produce superior wood doors. We take pride in our work, so you can take pride in your home.

DSA is committed to enduring quality, excellent service and sustainable innovation. Our teams of skilled artisans hand-assemble each DSA door to the highest quality standards.

Choose from our 30+ collections of traditional and modern exterior wood doors, or collaborate with our Custom Design Team to create your own statement.

it's easy to order your DSA door

measure your entry

Standard DSA doors are 6'8" and 8'0" tall. Our Custom Design Specialists can create a Custom Door to fit your new or existing entry.

choose your design

Browse our 30+ collections to find the perfect door to complement your home.

choose your wood type

Our Standard doors are constructed with premium, highly-sustainable Mahogany, Knotty Alder and Acetylated Accoya timber.

select your glass & accessories

Add privacy or personalization to your door with DSA's variety of customizable options.

find your DSA dealer online

We work exclusively with a network of dealers to ensure professional results. Find your dealers at www.DSADoors.com/Dealer.

unlock more online

Visit www.DSADoors.com to experience our full portfolio of innovative master-crafted doors, get a behind-the-scenes look at our process, and learn more about the options we have available.

If you're still in the planning stage, dreaming about a new entryway, follow us on Facebook, Instagram and Pinterest for new design ideas, innovations and inspirations. We are @DSADoors, and we're looking forward to connecting with you!

signature doors

Our Signature Doors feature stylish homeowner favorites from the past two decades, with 10 of our most-beloved door styles. Signature doors boast historic inspiration, impressive ironwork, screened panels and more, with a variety of configurations to suit any home and decor.

traditional doors

Invest in a timeless and enduring entry with our Traditional Doors. For the homeowner with an eye for classic style and design, our Traditional Doors feature graceful iron and elegant design aesthetics, with diverse options to suit many different homes.

modern doors

For bold styles featuring distinctive quality and durability, we present our Modern Doors. We're delivering clean lines, uncluttered looks and distinctive styles, without sacrificing the warmth and durability of a master-crafted DSA door.

wynstellar doors

Our high-performance Wynstellar Doors combine modern designs with industry-leading technologies to provide impressive durability. Ideal for challenging environments and covered by a 5 year warranty, Wynstellar Doors do not require an overhang.

custom DSA doors

Bring your inspiration to life with DSA's Custom Design team! Work with our experienced team of designers, engineers, and local artisans. Our Custom Design capabilities include:

Custom Timber: In addition to our standard Mahogany, Knotty Alder and Accoya, DSA offers American Walnut and White Oak, as well as primed white Mahogany or Accoya.

Custom Glass: Clear, Clear Beveled, Flemish, Fluted, Glue Chip, Sandblasted, White Laminated, Rain, Seedy, Seedy Baroque and Baroque.

Custom Sizes & Configurations: Designs to fit any existing opening, neighborhood requirement, architectural drawing or other specification.

Custom Design Elements: Decorative wrought iron designs for slabs, transoms, or side lites, custom moulding and brickmould, unique panel and slab designs, as well as custom leaded and decorative glass.

Pictured: Custom Accoya unit with operable side lite in Cinnamon.

hurricane doors

Don't sacrifice style when choosing a door for your coastal home. Many DSA Doors are available DP-50 Rated with FL Code Approval. We also have a large selection of Impact Rated and HVHZ doors available.

For more information, scan the QR code or visit www.DSADoors.com/HurricaneDoors.

Pictured: Port Collection Naples 5LT E-01 in Coco (Standard quick-ship door with HVHZ and Miami-Dade NOA certifications)

Experience the DSA Difference

From our global sustainability focus to our master-artisans in Raleigh North Carolina, the DSA Difference shines through everywhere you look. Working alongside our network of professional dealers, architects, designers, and builders, the DSA team provides a dynamic experience for discerning homeowners. The DSA Difference extends to our dedicated dealer support, customer service, and valuable warranties that protect every door we create.

premium timber

DSA Doors are constructed with premium timber, sourced exclusively from our partner company's forest concession. Our Standard Collections feature Meranti Mahogany, Knotty Alder, and Acetylated Accoya timber. Each DSA Door is constructed with one wood species throughout, for increased performance, featuring vertically grained panels for a high-end aesthetic.

superior construction

We construct our doors using a proprietary 11-ply floating panel core and finger joint laminated rails, to increase durability for years to come. Master-artisans expertly assemble, finish and stain our doors by hand in Raleigh, NC.

sustainability focused

DSA exclusively uses sustainably-sourced timber, which is managed in an environmentally, socially and economically beneficial manner. Sustainably sourced timber is one of the most environmentally-friendly materials currently available, because it is a truly renewable natural carbon sink. DSA doors are assembled domestically at our solar-powered production facility in Raleigh, North Carolina.

energy-efficient

In addition to our sustainability practices, our features and innovations to increase your home's energy efficiency. Select units feature CLPF construction, which utilizes an energy-efficient foam core for the highest thermal performance. We also feature complimentary Low-E (low-emissivity) glass, which minimizes the amount of heat and UV light that passes through the glass, without minimizing the visible light entering your home.

industry experts

The DSA Team features master-artisans, manufacturing professionals, research & design engineers, custom designers, dedicated service representatives, and so many more amazing individuals. Our Team works together to provide excellent service to our homeowners, benefit our dealer network, innovate our technologies, and consistently improve our doors.

Signature Doors

Including 10 of our most-beloved door styles, our Signature Doors include many of our bestselling collections. Our Signature doors boast historic inspiration, impressive ironwork, screened panels, and more, with a huge variety of configurations to suit any entry. These featured doors have many styling choices, accessory options, and sizing capabilities included, so you can select a custom look for your home.

Modern Doors

Our Modern Doors are ideal for homes with Contemporary and Modern architecture, delivering clean lines, uncluttered looks, and distinctive styles, all with the quality and craftsmanship you expect from DSA's master-crafted doors. This collection allows the homeowner to embrace the bold architectural features of modernism, without sacrificing the warmth and durability of a high-quality wood entryway.

Wynstellar Doors

Our Wynstellar Doors combine modern designs with acetylated Accoya technology and are specially designed to outlast challenging environments with contemporary modern styling.

Our high-performance Wynstellar Collection has **no required overhang** or paint color restrictions due to its impressive durability, and features a **five-year limited warranty**.

The acetylation process can result in a discoloration on the surface of the wood, which fades with UV exposure or is easily covered by opaque paints and darker stains.

View more information online at www.DSADoors.com/Wynstellar

standard and custom options

At DSA, we believe the entry should be unique to your home. That's where our Custom Design Team steps in, to offer countless customization options. Don't know what to choose? Your DSA Dealer can guide you through the selection process with ease.

In addition to our premium Mahogany and Knotty Alder, DSA offers many additional timbers and finishes. Browse our standard and custom glass options to customize the light shining into your home, and add the finishing touch with authentic wrought-iron accents and grilles.

hardware & accessories

Square & Round Clavos

Add rustic flair to your home with our square and round wrought-iron clavos. Our Briarcliff, Pinehurst, Tiffany Solid Panel, and other grooved panel doors look great with clavos.

Hinge & Corner Straps

Need a finishing touch? This decorative hardware may be just the thing! Available in 110°, 90°, and 86° formations, as well as 14" long hinge straps.

Tall & Short Grilles

We offer stylish and protective grilles for our decorative speakeasy. Pair a Tall Straight Grille with our Kenmure door, or choose a Straight or Scroll Short Grille for our Briarcliff, Decatur Hendersonville, Pinehurst, Tiffany and Trinity doors.

4x4 Ball Bearing Hinges

Choose from Oil Rubbed Bronze or Satin Nickel. Wynstellar units feature Stainless Steel hinges.

Concealed Hinges

Upgrade your Modern door with sleek concealed hinges. Not available for DP-50 Rated doors.

Lafayette (1^{5/8} x 4^{5/8}")

Endura FrameSaver[®]

Available exclusively on our Accoya doors, our Endura FrameSaver[®] door frames complement our acetylated Accoya with a patented composite bottom which won't absorb water, warp, crack or rot; primed and ready to paint. FrameSaver[®] brickmould is included with Modena and Urban units.

innovations at DSA

DSA Doors is committed to innovation, and we are constantly developing new products to meet the needs of our customers. Some of our latest new products include our LUXE Pivot Doors and our new Slimline Collection. Our LUXE Pivot Doors are equipped with state-of-the-art pivot hardware and available by custom order. Slimline by DSA is a high-performance collection of premium full view doors in a variety of modern styles.

multipoint lock options

Multipoint locks are recommended for doors 8'0" and taller. They provide additional stability to prevent warpage, as well as extra security for your home.

Multipoint Locks for Lever Handles

DSA offers two multipoint locking systems (GU & Ashland) that are compatible with Emtek Configuration #4 lever handles. Multipoint with levers are not suitable for Breezeport doors.

GU® Secury™ 3-Point Lock

The GU 3-Point lock has steel latches that automatically engage when the door is closed and does not require lifting the handle to engage the lock.

- Active Lock only
- Not available for DP-50 Rated units

Ashland® Multipoint Lock

The Ashland multipoint features top & bottom 1" shoot bolts to secure the door in the frame. Lever handles must be pulled up 35° in order to engage the shootbolts.

- Active & Passive locks
- Available for DP-50 Rated units
- Not available for E-01C

EMTEK® Lever Handles

Active, Dummy, and/or Passive lever sets in Satin Nickel or Black finishes.

#1 Arched

#2 Square
2" x 10" trim

#3 Contemporary
2" x 10" trim

Multipoint Lock with Thumbblatch Gripset

GU® Secury™ 3-Point Lock with Berkeley Thumbblatch

Hardware set comes with a GU 3-Point lock specifically designed for a thumbblatch handle engagement.

- Interior Handle: Lever or Square Knob*
- Dummy handle available
- Satin Nickel or Black
- Not available for DP-50 Rated units

** Breezeport is compatible with Berkeley interior knob only (pictured below)*

smart lock for multipoint

Danalock V3
Motorized Smart Interior Thumbturn

Danapad V3
Optional Digital Keypad

DSA offers the **Danalock V3** for select options using the GU® Secury™ 3-Point Lock. With minor alterations required, the Danalock V3 is a simple solution for homeowners seeking security without compromising convenience or style.

Set Includes: Our Danalock handle options come with the 3-Point Locking System, the Danalock V3, and the Danabridge V3 for remote access.

Danabridge V3
WiFi Bridge

PRODUCT FEATURES

Automatic Lock & Unlock for hassle-free entry.

Grant access remotely to friends and family with **Unlimited Digital Keys**.

Remotely Control & Connect to your lock via Bluetooth or WiFi from your smart phone.

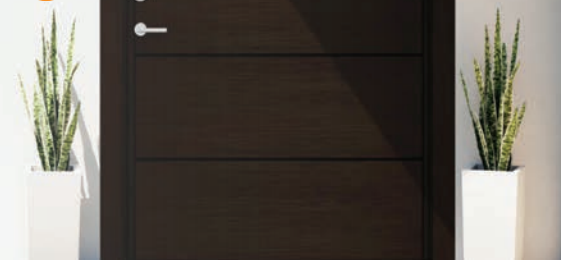

Enjoy the convenience of **Twist Assist** - a motorized function that does most of the work for you.

Danapad V3

Add the Danapad V3 Exterior Keypad to your Smart Lock package to access your home securely and with ease. Use the Danalock app to remotely create special pin codes to allow entry at your discretion.

Simply mount the Danapad within Bluetooth range of your Danalock, create a unique pin code for up to 20 guests, and then let Danalock take care of the rest.

Belcanto Lever

Set Includes: Active GU Multipoint lock, Belcanto lever set with Danalock V3 motorized smart lock, and the Danabridge V3 WiFi bridge.

- Active set only
- Not available for DP-50 Rated units
- Handle Finishes: Satin Nickel or Black

Berkeley Thumbblatch

Set Includes: Active GU Multipoint lock, Berkeley thumbblatch with Danalock V3 motorized smart lock, and the Danabridge V3 Wifi bridge.

- Dummy handle available
- Not available for DP-50 Rated units
- Handle Finishes: Satin Nickel or Black
- Interior Handle: Lever or Square Knob*

* *Breezport is compatible with Berkeley interior knob only*

Danapad V3

Optional wall mounted keypad for keyless and phoneless access.

- Approximate size: 3.25" x 1.25"
- Finishes: Satin Nickel or Black

Custom Timber

In addition to our standard Mahogany, Knotty Alder & Accoya timbers, DSA also offers American Walnut and White Oak for custom doors.

* Mahogany & Accoya units can be custom ordered primed white.

Custom Glass

Select one of our many glass options or create a custom leaded glass design.

Custom Sizes & Configurations

Get any standard DSA door customized to fit your existing opening or design the entry of your dreams. From oversized slabs to custom door configurations, we can meet your specifications or architectural plans.

Custom Designs

DSA offers custom decorative wrought iron, unique panel & lite designs, as well as custom decorative glass and numerous glass types to choose from.

How to Care for your Door

Protect your door by applying a clear finish at least once per year.

For increased security and stability, select a multipoint lock system.

Clean and maintain your door regularly to preserve it for years to come.

Shield your door from direct sunlight with a suitable overhang.

Ensure any modifications are performed by DSA or an authorized representative.

Contact your DSA Dealer or DSA Doors with any questions or concerns.

Your Warranty

DSA Doors has been manufacturing artisan-crafted wood doors for over twenty years. When you choose a DSA Door, we want to go above and beyond your expectations and assist you in maintaining your door for years to come.

Our most updated warranties are available at [DSADoors.com/Resources](https://www.dsadoors.com/Resources). Please contact us at Warranty@DSADoors.com with any questions.

DP Rating Disclosures

In order to be approved to meet a Design Pressure (DP) rating of 50, each door or window is subjected to extreme testing conditions that simulate hurricane-force winds up to 173 mph. DP testing requires that all variations of door and window units be tested, or engineer approved, by calculations based on previous test data.

At DSA, we emphasize the importance of purchasing products that are legitimately tested and approved to meet DP ratings. Manufacturers may refrain from completing DP testing while still representing their product as safe and reliable. DSA's DP-Rated Doors are the best choice for ensuring a safe and secure entrance to your home. View our DP-Testing and Impact Rating materials online for more information.
