

DSA

MASTER CRAFTED DOORS

FULL COLLECTION CATALOG VOLUME XXII

welcome

The warm welcome of a wood door is a timeless everyday luxury. No other material can compare to the natural touch and appearance of wood.

For centuries, homeowners have invested in wood doors for their capability and dependability. Properly maintained, beautiful solid wood doors are cherished for many generations.

For over 40 years, our team at DSA Doors has worked tirelessly to produce superior wood doors. We take pride in our work, so you can take pride in your home.

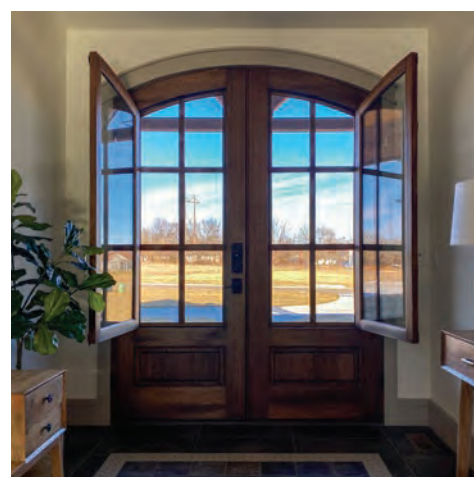

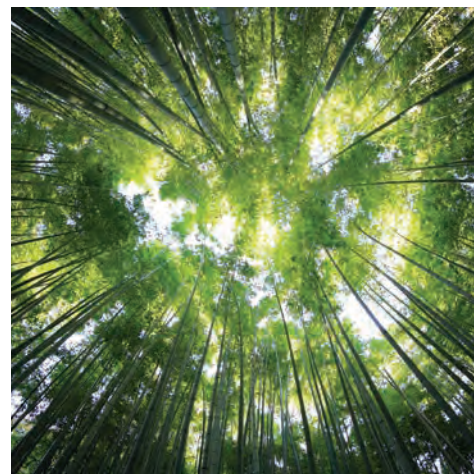

DSA is committed to enduring quality, excellent service and sustainable innovation. Our teams of skilled artisans hand-assemble each DSA door to the highest quality standards.

Choose from our 30+ collections of traditional and modern exterior wood doors, or collaborate with our Custom Design Team to create your own statement.

it's easy to order your DSA door

measure your entry

Standard DSA doors are 6'8" and 8'0" tall. Our Custom Design Specialists can create a Custom Door to fit your new or existing entry.

choose your design

Browse our 30+ collections to find the perfect door to complement your home.

choose your wood type

Our Standard doors are constructed with premium, highly-sustainable Mahogany, Knotty Alder and Acetylated Accoya timber.

select your glass & accessories

Add privacy or personalization to your door with DSA's variety of customizable options.

find your DSA dealer

We work exclusively with a network of dealers to ensure professional results. Find your DSA dealer at www.DSADoors.com/Dealer.

unlock more online

Visit www.DSADoors.com to experience our full portfolio of innovative master-crafted doors, get a behind-the-scenes look at our process, and learn more about the options we have available.

If you're still in the planning stage, dreaming about a new entryway, follow us on Facebook, Instagram and Pinterest for new design ideas, innovations and inspirations every week. We are [@DSADoors](#), and we're looking forward to connecting with you!

signature doors

Our Signature Doors feature stylish homeowner favorites from the past two decades, with 10 of our most-beloved door styles. Signature doors boast historic inspiration, impressive ironwork, screened panels and more, with a variety of configurations to suit any home and decor.

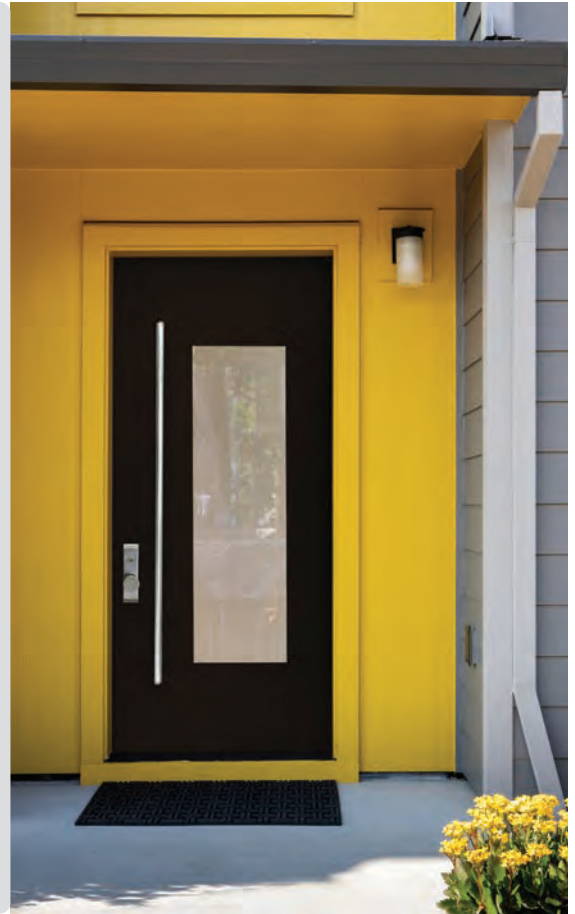

traditional doors

Invest in a timeless and enduring entry with our Traditional Doors. For the homeowner with an eye for classic style and design, our Traditional Doors feature graceful iron and elegant design aesthetics, with diverse options to suit many different homes.

modern doors

For bold styles featuring distinctive quality and durability, we present our Modern Doors. We're delivering clean lines, uncluttered looks and distinctive styles, without sacrificing the warmth and durability of a master-crafted DSA door.

wynstellar doors

Our high-performance Wynstellar Doors combine modern designs with industry-leading technologies to provide impressive durability. Ideal for challenging environments and covered by a 5 year warranty, Wynstellar Doors do not require an overhang.

custom DSA doors

Bring your inspiration to life with DSA's Custom Design team! Work with our experienced team of designers, engineers, and local artisans. Our Custom Design capabilities include:

Custom Timber: In addition to our standard Mahogany, Knotty Alder and Accoya, DSA offers American Walnut and White Oak, as well as primed white Mahogany or Accoya.

Custom Glass: Clear, Clear Beveled, Flemish, Fluted, Glue Chip, Sandblasted, White Laminated, Rain, Seedy, Seedy Baroque and Baroque.

Custom Sizes & Configurations: Designs to fit any existing opening, neighborhood requirement, architectural drawing or other specification.

Custom Design Elements: Decorative wrought iron designs for slabs, transoms, or side lites, custom moulding and brickmould, unique panel and slab designs, as well as custom leaded and decorative glass.

Pictured: Custom Accoya unit with operable side lite in Cinnamon Bark.

coastal rated doors

Don't sacrifice style when choosing a door for your coastal home. Most DSA Doors are available DP-50 Rated. We also have a large selection of Impact Rated and HVHZ doors available. For more information, scan the QR code or go to www.DSADoors.com/ImpactRated.

Experience the DSA Difference

From our global sustainability focus to our master-artisans in Raleigh North Carolina, the DSA Difference shines through everywhere you look. Working alongside our network of professional dealers, architects, designers, and builders, the DSA team provides a dynamic experience for discerning homeowners. The DSA Difference extends to our dedicated dealer support, customer service, and valuable warranties that protect every door we create.

premium timber

DSA Doors are constructed with premium timber, sourced exclusively from our partner company's forest concession. Our Standard Collections feature Meranti Mahogany, Knotty Alder, and Acetylated Accoya timber. Each DSA Door is constructed with one wood species throughout, for increased performance, featuring vertically grained panels for a high-end aesthetic.

superior construction

We construct our doors using a proprietary 11-ply floating panel core and finger joint laminated rails, to increase durability for years to come. Master-artisans expertly assemble, finish and stain our doors by hand in Raleigh, NC.

sustainability focused

DSA exclusively uses sustainably-sourced timber, which is managed in an environmentally, socially and economically beneficial manner. Sustainably sourced timber is one of the most environmentally-friendly materials currently available, because it is a truly renewable natural carbon sink. DSA doors are assembled domestically at our solar-powered production facility in Raleigh, North Carolina.

energy-efficient

In addition to our sustainability practices, our features and innovations to increase your home's energy efficiency. Select units feature CLPF construction, which utilizes an energy-efficient foam core for the highest thermal performance. We also feature complimentary Low-E (low-emissivity) glass, which minimizes the amount of heat and UV light that passes through the glass, without minimizing the visible light entering your home.

industry experts

The DSA Team features master-artisans, manufacturing professionals, research & design engineers, custom designers, dedicated service representatives, and so many more amazing individuals. Our Team works together to provide excellent service to our homeowners, benefit our dealer network, innovate our technologies, and consistently improve our doors.

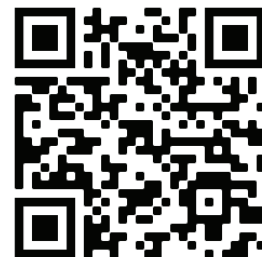

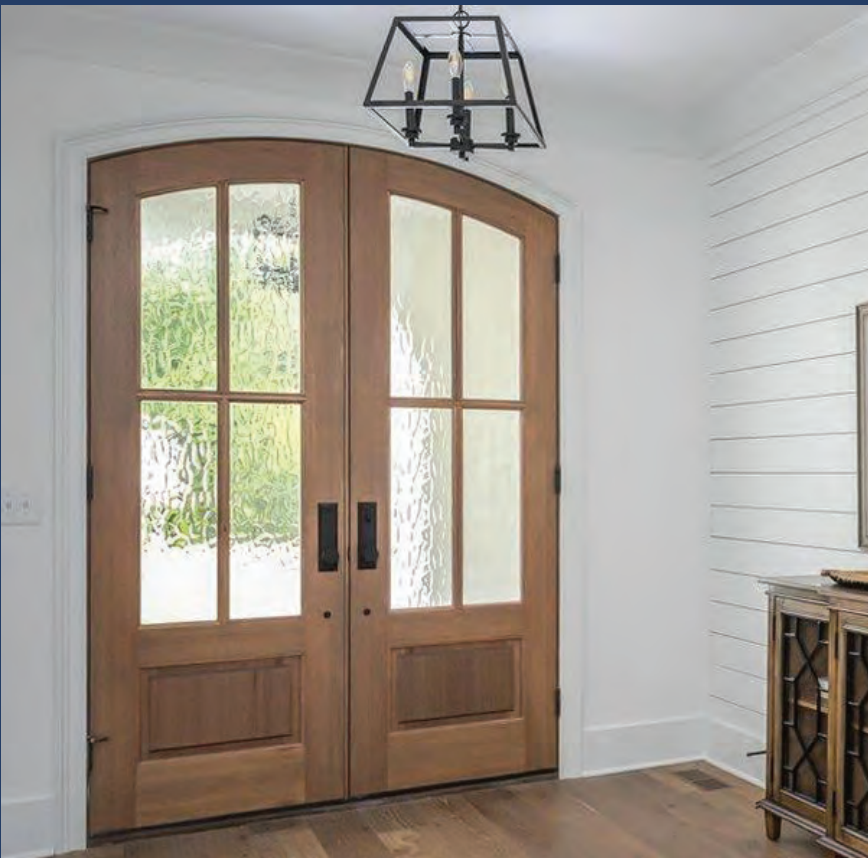

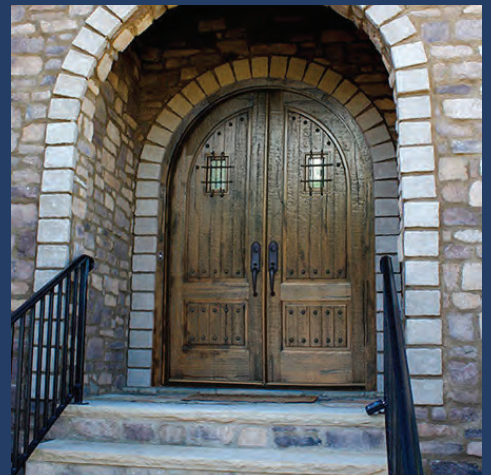

Signature Doors

Including 10 of our most-beloved door styles, our Signature Doors include many of our bestselling collections. Our Signature doors boast historic inspiration, impressive ironwork, screened panels, and more, with a huge variety of configurations to suit any entry. These featured doors have many styling choices, accessory options, and sizing capabilities included, so you can select a custom look for your home.

Modern Doors

Our Modern Doors are ideal for homes with Contemporary and Modern architecture, delivering clean lines, uncluttered looks, and distinctive styles, all with the quality and craftsmanship you expect from DSA's master-crafted doors. This collection allows the homeowner to embrace the bold architectural features of modernism, without sacrificing the warmth and durability of a high-quality wood entryway.

Wynstellar Doors

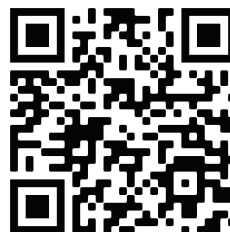

Our Wynstellar Doors combine modern designs with acetylated Accoya technology and are specially designed to outlast challenging environments with contemporary modern styling.

Our high-performance Wynstellar Collection has **no required overhang** or paint color restrictions due to its impressive durability, and features a **five-year limited warranty**. With our patented CLPF construction, Wynstellar Doors are among the most energy-efficient available to date.

The acetylation process can result in a discoloration on the surface of the wood, which fades with UV exposure or is easily covered by opaque paints and darker stains.

standard and custom options

Pictured: Briarcliff with Straight Grill and Round Clavos

At DSA, we believe the entry should be unique to your home. That's where our Custom Design Team steps in, to offer countless customization options. Don't know what to choose? Your DSA Dealer can guide you through the selection process with ease.

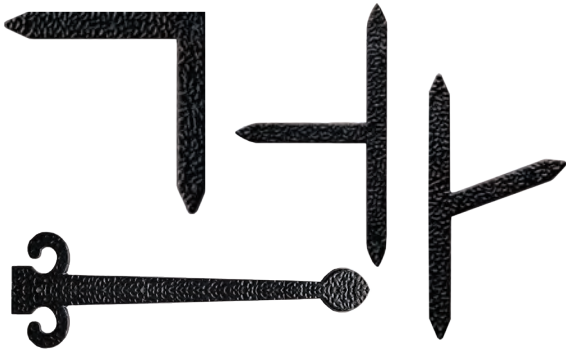

In addition to our premium Mahogany and Knotty Alder, DSA offers many additional timbers and finishes. Browse our standard and custom glass options to customize the light shining into your home, and add the finishing touch with authentic wrought-iron accents and grilles.

hardware & accessories

Square & Round Clavos

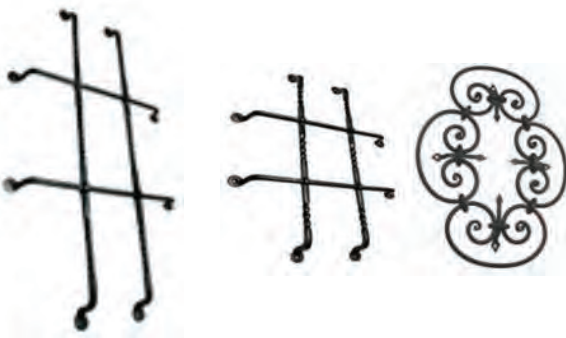

Add rustic flair to your home with our square and round wrought-iron clavos. Our Briarcliff, Pinehurst, Tiffany Solid Panel, and other grooved panel doors look great with clavos.

Hinge & Corner Straps

Need a finishing touch? This decorative hardware may be just the thing! Available in 110°, 90°, 86° and straight formations, as well as 14" long hinge straps.

Pictured on doors below and on pages 26 and 37

Tall & Short Grilles

We offer stylish and protective grilles for our decorative speakeasy. Pair a Tall Straight Grille with our Kenmure door, or choose a Straight or Scroll Short Grille for our Briarcliff, Decatur Hendersonville, Pinehurst, Tiffany and Trinity doors.

4x4 Ball Bearing Hinges

Choose from Oil Rubbed Bronze, Satin Nickel or optional Black or Stainless Steel Hinges. Wynstellar and Impact-Rated units feature Stainless Steel hinges.

445 ($\frac{3}{4} \times 3\frac{1}{2}''$)

470 ($1 \times 3\frac{5}{8}''$)

Lafayette ($1\frac{5}{8} \times 4\frac{5}{8}''$)

Endura FrameSaver®

Available exclusively on our Urban, French and Modena doors, our Endura FrameSaver® door frames complement our acetylated Accoya, with a patented composite bottom which won't absorb water, warp, crack or rot; primed and ready to paint.

interior accent doors

DSA Doors aren't just for your exterior entryway. Whether you're designing a formal dining room, grand wine room, impressive home office, or other interior entryway, DSA Doors are the perfect touch. Dutch doors are one of our personal favorites for an interior door. Any door can be ordered for interior use by ordering without a sill, weatherstripping and door sweep. We recommend doors that are 1 $\frac{3}{4}$ " thick for interior applications.

lock & handleset options

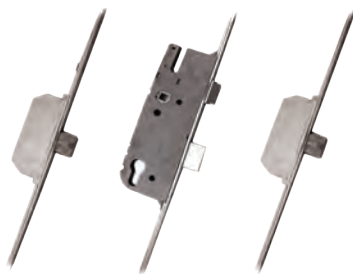

Multipoint Locks

Multipoint locks are recommended for doors 8'0" and taller, to provide additional stability to your door and additional security to your home.

Lever Multipoints

GU® and Ashland® Lock Systems are compatible with EMTEK Configuration #4 lever handles

GU® 3-Point Lock System

Our GU® Multipoint Lock System utilizes three horizontal deadbolts with an active lock only. GU Multipoints are not available for Rated doors.

Ashland® Multi Lock System

Our Ashland® 3-Point Multipoint Lock System has two vertical shootbolts and a 1" deadbolt. This Lock System is available for Active & Inactive Doors and rated doors (DP-50 and Impact).

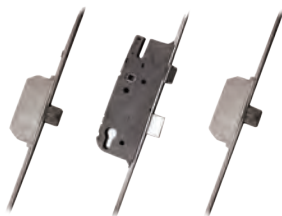

EMTEK® Lever Handlesets

Arched Square Contemporary

Available with GU® and Ashland® Multipoint Lock Systems. Both available with Active & Dummy Levers. Ashland® available with Active & Passive Levers.

GU® Thumblatch Lock System

Our GU® Multipoint Thumblatch Lock System utilizes horizontal deadbolts with exterior thumblatch and interior lever. GU® Multipoints are not available for rated doors. Available for E-01C configurations.

Thumblatch Handlesets

Dummy handlesets not available

Lever & thumblatch handlesets available in Black & Satin Nickel

Non-Multipoint Locks

EMTEK® Mortised-Pocket Lock

Mortised lockset with interior and exterior knob. Exterior knob utilizes Stop & Release buttons for automatic locking.

Available for DP-50 Rated doors.

Dummy handle available only by special request.

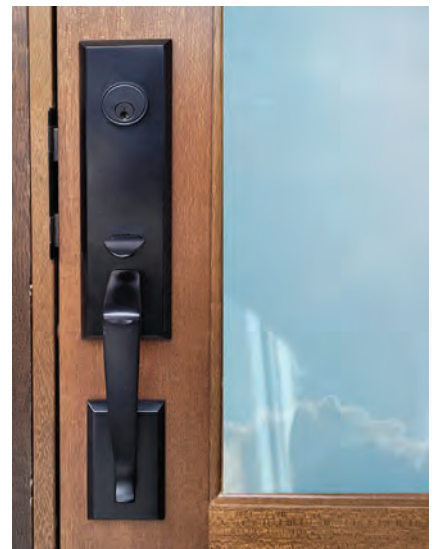

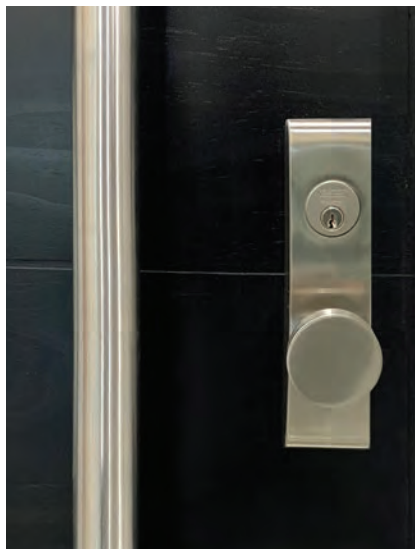

Choose from Black or Satin Nickel finishes.

EMTEK® Thumbblatch Handlesets

Standard double-bore thumbblatch entriesets with interior and exterior options.

Select Matte Black or Satin Nickel, Square Exterior Entry Handle or Full Plate Exterior Entry Handle, and Interior Round Knob or Interior Square Lever.

Dummy handlesets not available.

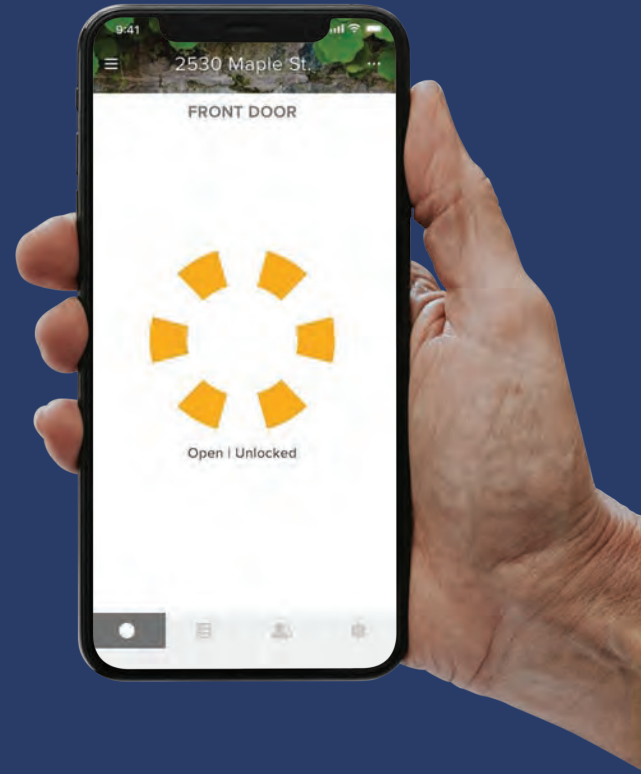

choose a smart lock

Enjoy stylish design and keyless capabilities with our EMTEK® Smart Lock.

Instead of fumbling for your keys, conveniently use the Yale Access App on your phone. Set your door to unlock automatically as you approach and lock behind you as you depart.

You can manage access from anywhere, receive an activity feed, and integrate your home automation devices easily.

Upgrade your Modern door with sleek concealed hinges.

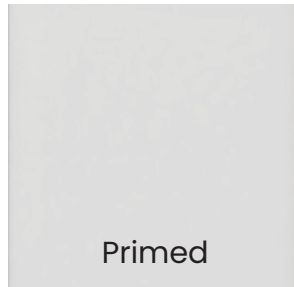

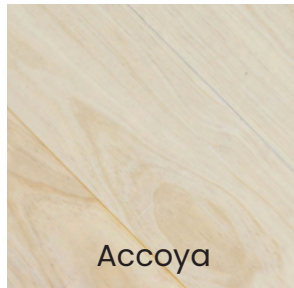

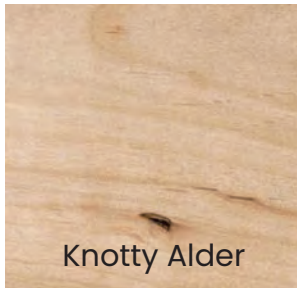

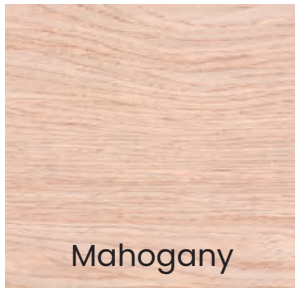

Not available for DP-50 Rated doors.

custom design gallery

Replacing your front door and customizing your entry is a breeze with the Custom Design Team at DSA Doors. We can accommodate almost any request or idea, from custom configurations and glass designs, to fitting uncommon sizes and everything in between. Browse our Custom Door Gallery for extra inspiration.

Custom Timber

In addition to our standard Mahogany, Knotty Alder and Accoya, DSA offers American Walnut and White Oak, as well as primed white Mahogany or Accoya.

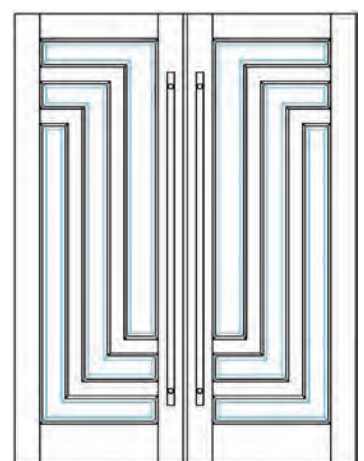

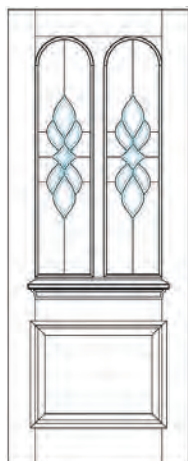

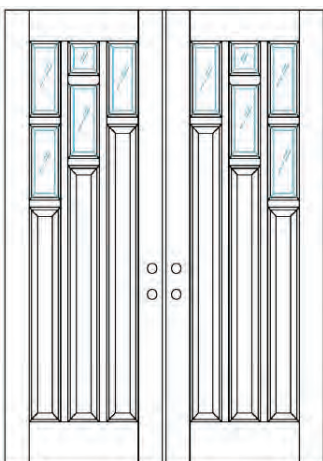

Custom Glass (view on page 66)

Custom Sizes & Configurations

Designs to fit any existing opening, neighborhood requirement, architectural drawing or other specification.

Custom Design Elements

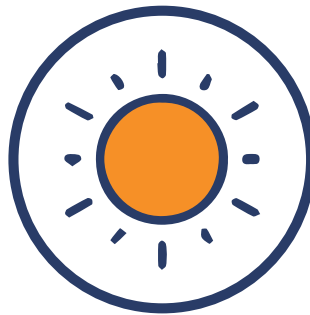

Decorative wrought iron designs for slabs, transoms, or side lites, custom moulding and brickmould, unique panel and slab designs, as well as custom leaded and decorative glass.

How to Care for your Door

Protect your door by applying a clear finish at least once per year.

Shield your door from direct sunlight with a suitable overhang.

Clean and maintain your door regularly to preserve it for years to come.

For increased security and stability, select a multipoint lock system.

Ensure any modifications are performed by DSA or an authorized representative.

Contact your DSA Dealer or DSA Doors with any questions or concerns.

Your Warranty

DSA Doors has been manufacturing artisan-crafted wood doors for over twenty years. When you choose a DSA Door, we want to go above and beyond your expectations and assist you in maintaining your door for years to come.

Our most updated warranties are available at DSADoors.com/Resources. Please contact us at Warranty@DSADoors.com with any questions.

DP Rating Disclosures

In order to be approved to meet a Design Pressure (DP) rating of 50, each door or window is subjected to extreme testing conditions that simulate hurricane-force winds up to 173 mph. DP testing requires that all variations of door and window units be tested, or engineer approved, by calculations based on previous test data.

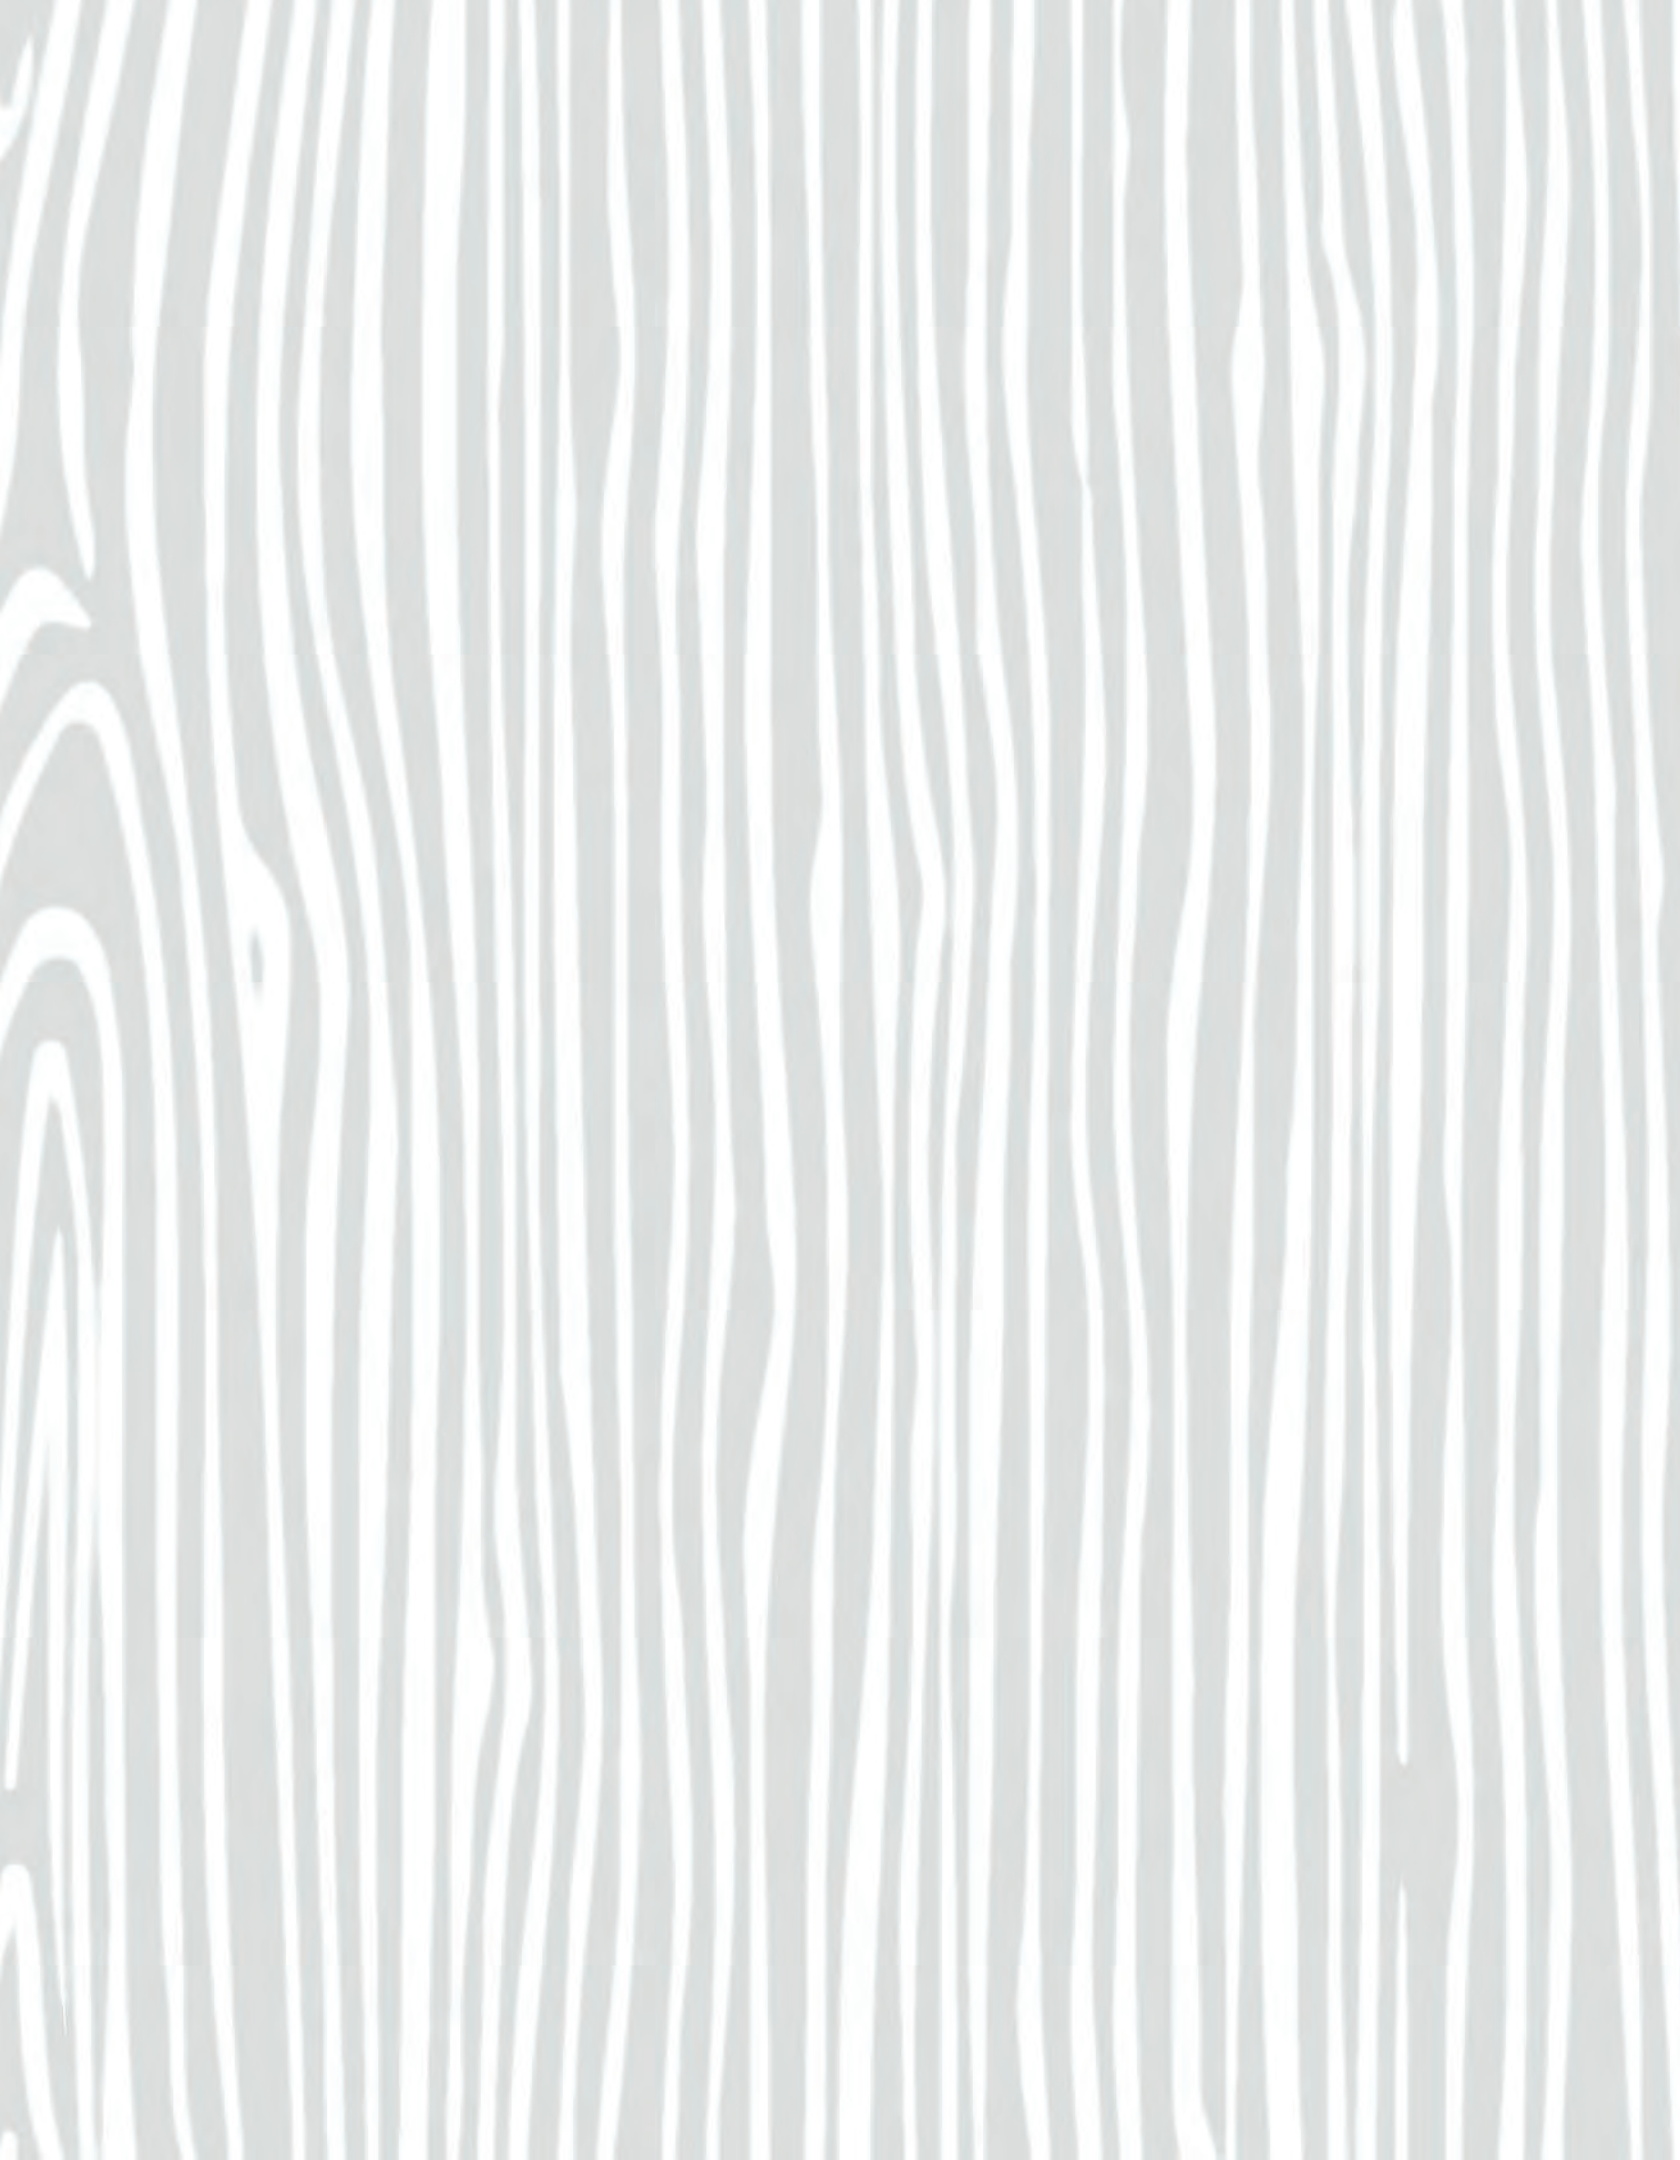

At DSA, we emphasize the importance of purchasing products that are legitimately tested and approved to meet DP ratings. Manufacturers may refrain from completing DP testing while still representing their product as safe and reliable. DSA's DP-Rated Doors are the best choice for ensuring a safe and secure entrance to your home. View our DP-Testing and Impact Rating materials online for more information.
