

2021 CAPSULE CATALOG

welcome

We invite you to experience the DSA Difference.

Throughout our history, we've worked tirelessly to produce superior wood doors. We take pride in our work, so you can take pride in your home. From our roots as a local manufacturer, serving homeowners in Raleigh, to our now 50,000+ foot solar-powered production facility, just down the road, DSA is committed to enduring quality, service and innovation.

The DSA Difference starts with our sustainably sourced Meranti Mahogany, Encapsulated Accoya, and Knotty Alder timber. We use only premium color-matched wood with industry-leading hardwood core densities. Our proprietary and patented construction processes ensure lasting durability and energy-efficiency for years to come.

Our teams of skilled artisans hand-assemble, sand and finish each door to the highest quality standards. Working alongside our network of professional dealers, architects, designers and builders, DSA provides a dynamic experience for discerning homeowners.

Choose from our 30+ collections of traditional and modern exterior wood doors, or collaborate with our Custom Design Specialists, to create your own statement. The DSA Difference extends to our dedicated dealer support, customer service and valuable warranties, that protect every door we create.

how to order your DSA door

Choose a design

Browse our 30+ collections to find the perfect door to complement your home. We have a variety of designs and configurations to fit every home style, from traditional to modern and minimal to extravagant.

Measure your door

DSA Doors come in every size, but for the best shopping experience, you'll want to know what size you're looking for. Our standard doors are 6'8" and 8'0" tall and offered in 1-3/4" and 2-1/4" thickness.

Choose a wood type

Our doors are made with high-quality Mahogany, Knotty Alder, and Accoya timber, sourced exclusively from sustainable forests. We also have a selection of finishes to match your home.

Select your glass

Want to add privacy or a special flair to your door? DSA has multiple standard options for glass designs, and we feature an included energy-efficient Low E coating on every option.

Pick your accessories

With DSA, you can customize your door, without the custom price tag. We offer brickmould, casing, handleset, lock, decorative options, and more. Keep browsing to see our options and accessories in action.

Find a DSA dealer

In order to ensure each homeowner receives a professionally fitted and installed DSA Door, we work with a network of home professionals. To find a DSA dealer near you, simply visit DSADoors.com/Dealer and enter your zip code.

signature collection

Our Signature Collection features stylish homeowner favorites, from the past two decades, with 11 of our most-beloved door styles. Our Signature doors boast historic inspiration, impressive ironwork, screened panels and more, with a huge variety of configurations, to suit any home and decor.

traditional collection

Invest in a timeless and enduring door, with our Traditional Collection. For the homeowner with an eye for timeless design, our Traditional doors feature classic iron and elegant design aesthetics, with diverse options to suit many different home styles.

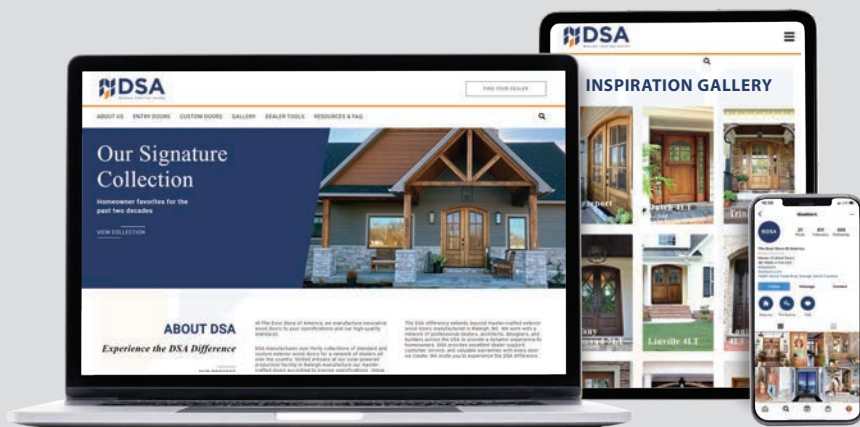

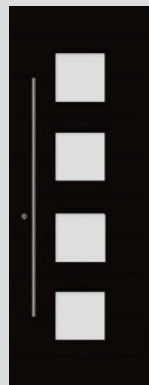

modern collection

For bold styles, featuring distinctive quality and durability, we present our Modern Collection. We're delivering clean lines, uncluttered looks and distinctive styles, without sacrificing the warmth and durability of a master-crafted DSA door.

wynstellar collection

Our Wynstellar Collection combines modern designs with exclusive Accoya technology and patented CLPF construction. This collection is specially designed to outlast challenging environments and dramatically increase energy-efficiency, with modern styling.

how to care for your DSA door

Protect your door from the elements

Shield your door from direct sunlight, with an overhang of at least half the distance from the unit's threshold to the overhang ceiling. Also, ensure all sides of your door are finished with a minimum of 3 coats of clear finish, within 30 days of delivery to the dealer.

Preserve your door

In order to preserve your door for years to come, inspect it often, clean it regularly, clear coat it every year, and provide maintenance as needed. We recommend that all doors over 6'8" be equipped with a multipoint lock.

Trust the DSA experts

Avoid product modifications not performed by DSA, or a DSA authorized representative. For questions or concerns, contact our dedicated customer care team: customerservice@DSADoors.com.

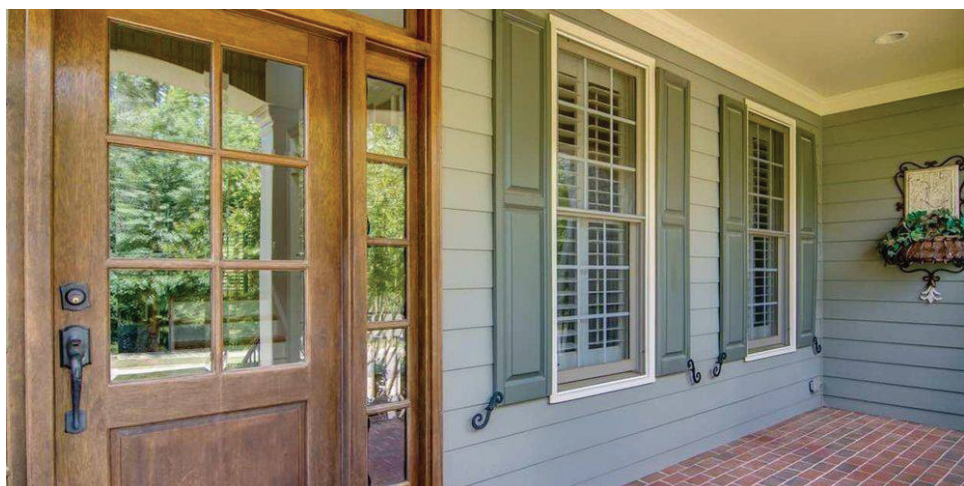

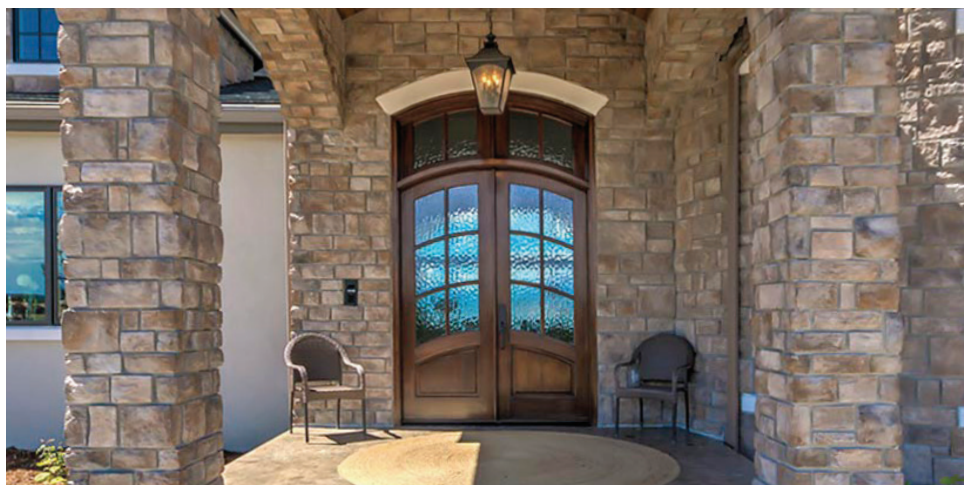

Talk to your DSA Dealer

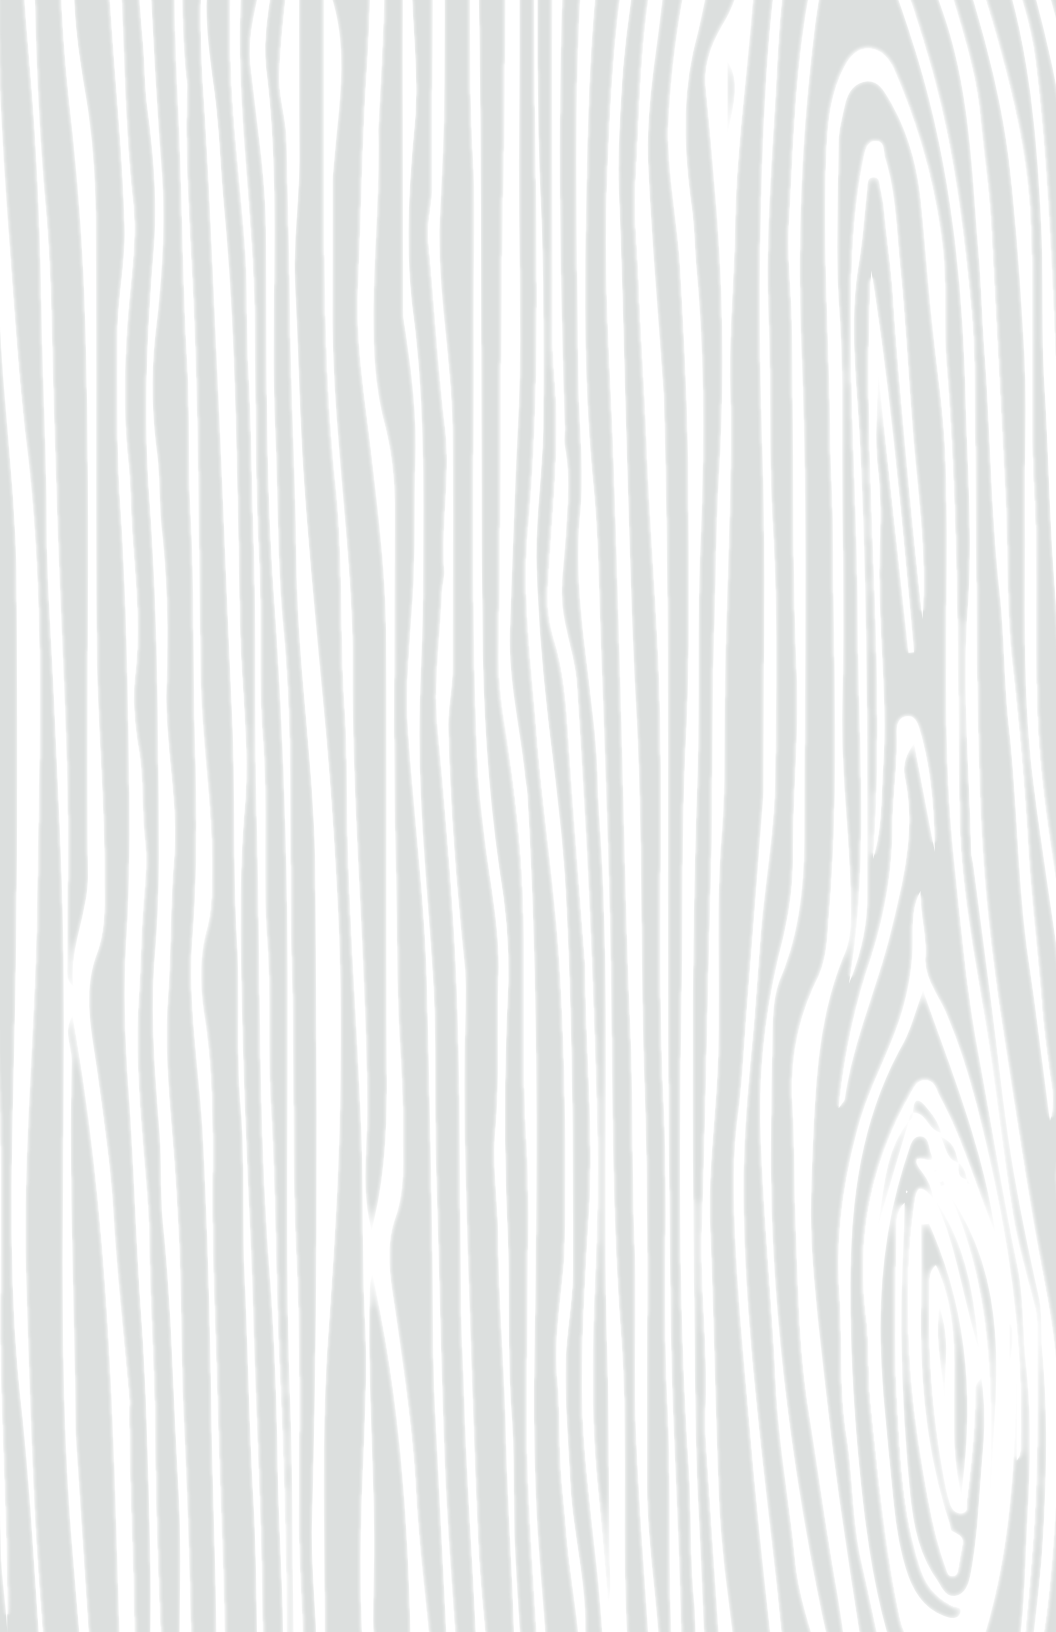

We work with a network of home professionals to ensure every homeowner receives the perfect DSA Door. To find your DSA Dealer, simply visit DSADoors.com/Dealer and enter your zip code.

Find more info at DSADoors.com
