

DSA PORT COLLECTION

Impact-Rated Mahogany Doors

The background of the entire page is a marbled paper pattern with swirling, organic shapes in shades of blue, teal, and cream. A white rectangular box is centered on the page, containing the text.

Welcome Home

Nothing feels more like home than the warm welcome of a wood door. For generations, homeowners have invested in wood doors because of their capability and dependability.

Also for generations, the team at DSA Doors has produced superior wood doors. Because secure entry doors are a must for coastal homes, we've tested and engineered our Port Collection to bring DSA's signature quality and protection to your coastal home.

PROTECT YOUR COASTAL HOME WITH DSA IMPACT DOORS

DSA offers two tiers of Impact-Rated doors in our Port Collection - WBD Impact (Florida Certified for the Wind Borne Debris Region) and HVHZ Impact (Florida & Miami/Dade Certified for the High Velocity Hurricane Zone). Engineered to withstand extreme weather conditions, DSA's Port Collection delivers superior safety, security, and style to coastal homes.

To select the appropriate rating for your DSA Impact unit, please consult your local building code requirements specific to your structure and location.

ASCE 7-05 Hurricane Prone Region

ASCE 7-10 Hurricane Prone Region

Wind-Borne Debris Region *(FL Certified Inswing & Outswing single and double doors with sidelite & transom options)*

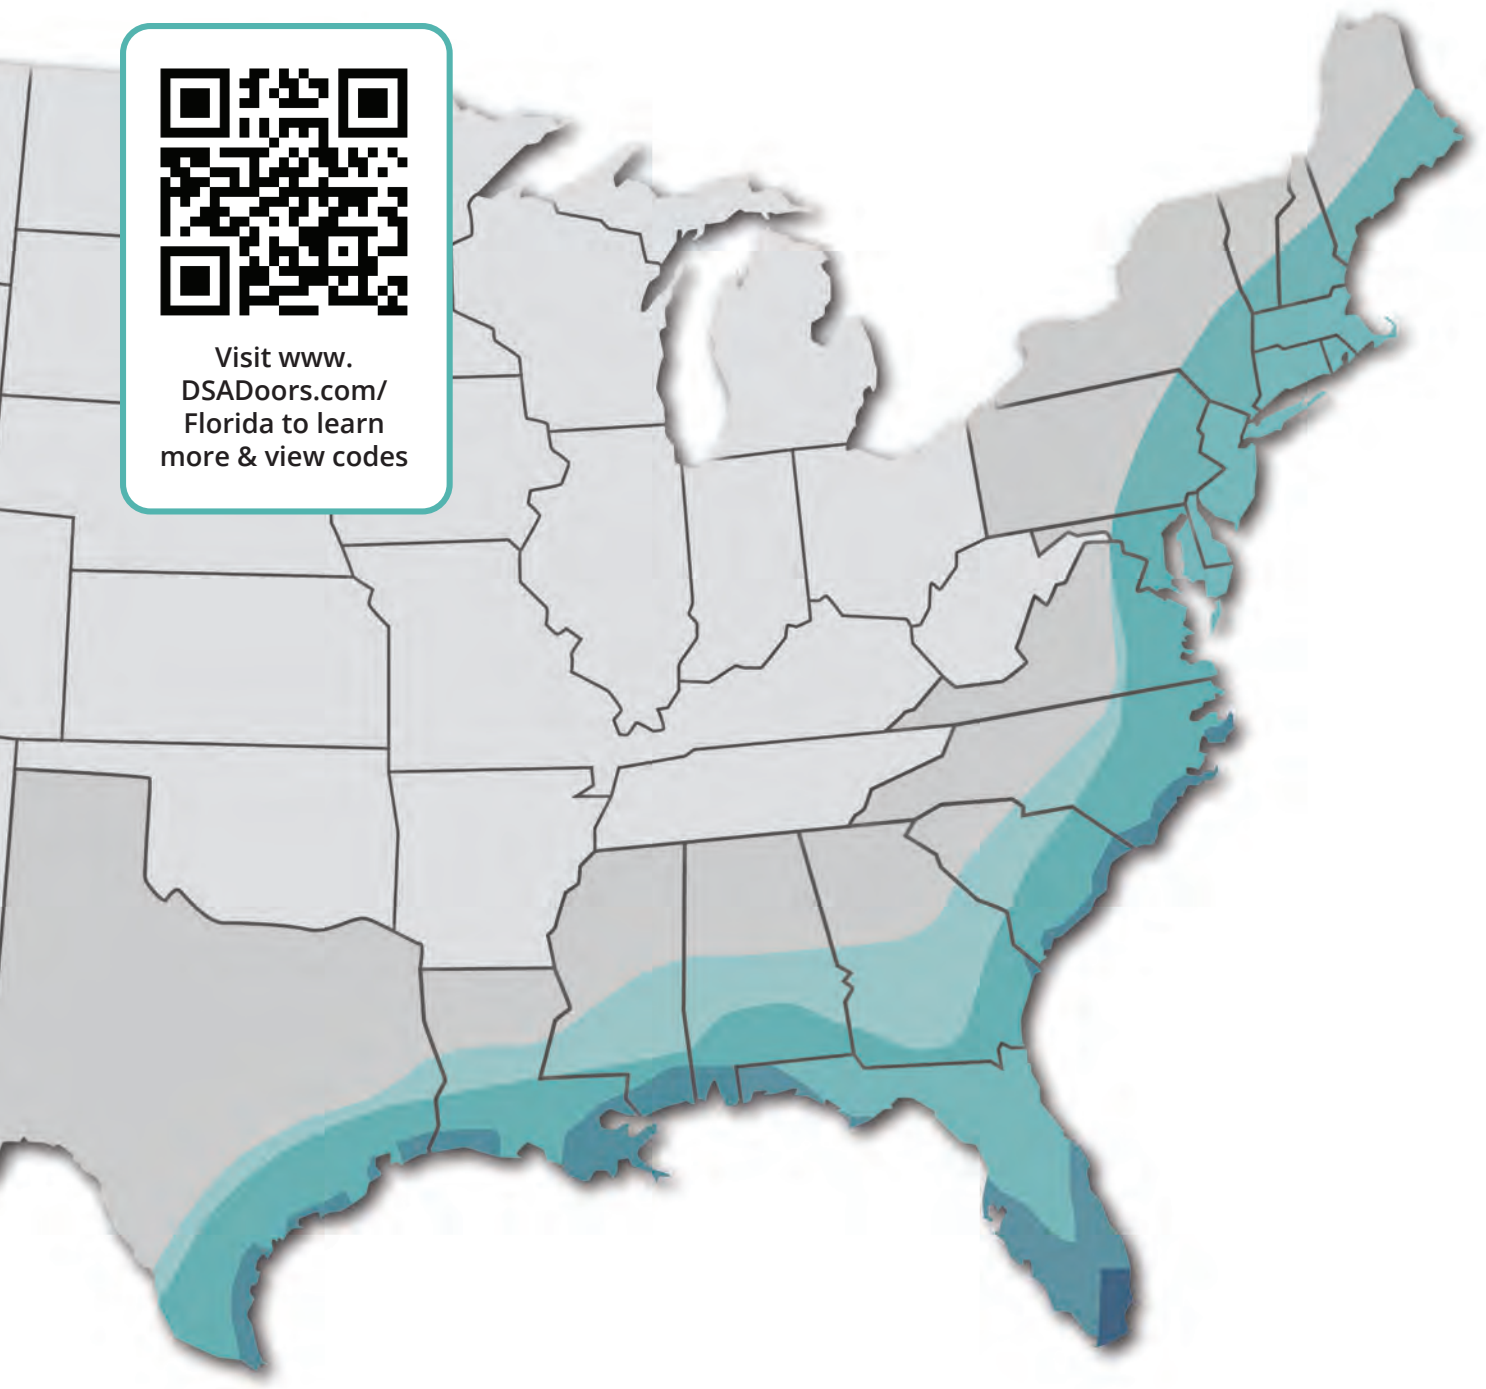

- Design Pressure +/- 50 psf (ASTM E330-02)
- Certified for Air Infiltration (ASTM E283-04)
- Wind Borne Debris Impact Resistant (ASTM E1996-09)
- Impact certified outside the HVHZ with Cyclic Pressure Differentials (ASTM E1886-05)

High Velocity Hurricane Zone *(FL and Miami-Dade Certified Inswing & Outswing single and double doors)*

- Design Pressure +/- 70 psf (ASTM E330-02) (TAS 202-04)
- Certified for Air Infiltration (ASTM E283-04)
- Certified for Water Infiltration (ASTM E330-00)
- Wind Borne Debris Impact Resistant (ASTM E1996-09) (TAS 201-04)
- Impact certified for HVHZ with Cyclic Pressure Differentials (ASTM E1886-05) (TAS 203-04)
- Excludes full-view doors with arched glass

Visit www.DSADoors.com/Florida to learn more & view codes

CLEAR LAMINATED IMPACT GLASS

Our Port Collection features high-quality Clear Laminated Impact Glass to ensure maximum protection. For added design flexibility, Port Doors are constructed with Mahogany SDL (Simulated Divided Lite) grids applied to the exterior surface of Impact Glass.

Our 1" thick insulated safety glass will remain secure in the frame and continue to protect against damage, even if damaged, due to its SentryGlas® ionoplast interlayer.

Classic Grids - 7/8" SDL Grids with Ovolo Profile

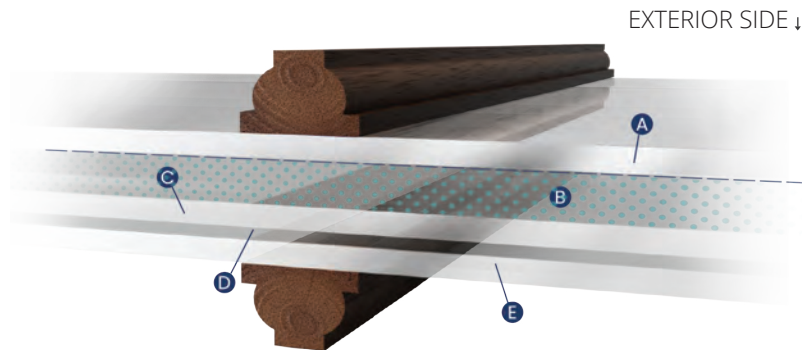

Wide Grids - 4 1/2" SDL Grids with Ovolo Profile

Laminated Glass

- — Low E Coating
- Argon Gas
- ⓐ 1/8" Annealed
- ⓓ .090" SGP Clear
- ⓔ 1/8" Annealed

PREMIUM HURRICANE PROTECTION

Our Port doors are 2 ¼" thick, made exclusively with premium Meranti Mahogany, and feature 11-ply panel construction for maximum durability. For additional stability, the top and bottom rail of each door is reinforced with steel bars.

In addition to our protective construction features, our Port Collection doors are equipped with an Ashland® Multipoint Locking System to provide increased performance in everyday life and extreme weather conditions.

Ashland® Multipoint Locking System details:

- Faceplate extends the full length of the door with 1" top and bottom shoot bolts for security and structural integrity.
- To engage the shoot bolts and secure the door in the frame, handle must be pulled up 35°.
- Active & Passive lock required for HVHZ & WBD Impact double doors.

HOW TO ORDER YOUR PORT DOOR

Find your Impact requirement

Reference any required exterior door impact ratings by checking applicable building codes or contacting your local building department.

Measure your entry

Our Port Collection includes 6'8" and 8'0" tall doors in eight configurations. For other entry sizes, our Port styles can be ordered through our Custom department.

Choose your door style

Browse our Port Collection to find the perfect door to complement your home.

Personalize your door

Select your hardware and customization options, as well as any premium custom upgrades.

Find your DSA dealer

We work exclusively with a network of dealers to ensure professional results. Find your DSA dealer at www.DSADoors.com/Dealer

PORT PERSONALIZATION OPTIONS

We believe that Impact doors should be as beautiful and adaptable as they are strong and protective. With our Port Collection doors, you can choose from a wide range of aesthetic options to compliment your traditional or modern home.

Standard Options

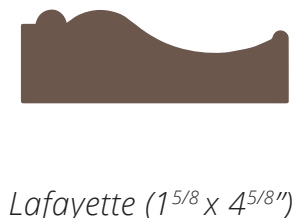

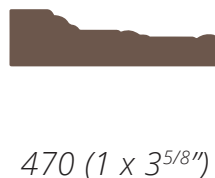

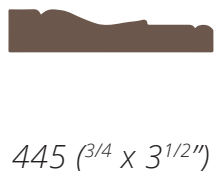

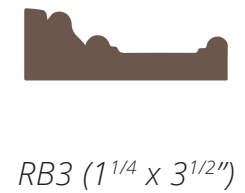

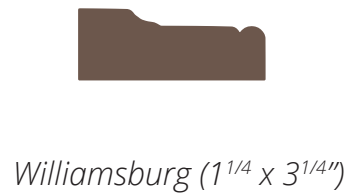

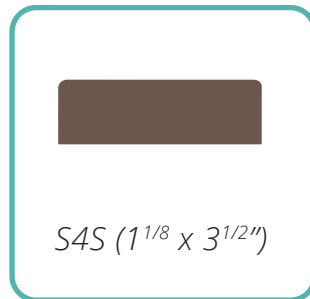

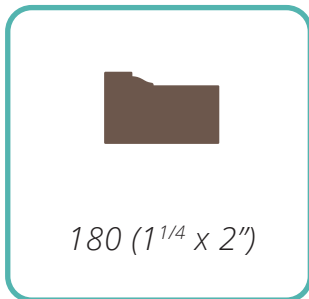

- Brickmould and Casing selections
- Artisan Pre-finishing
- Handlesets

Premium Custom Options

- Premium Impact Glass styles
- Muntin Bars in glass
- Personalized styles

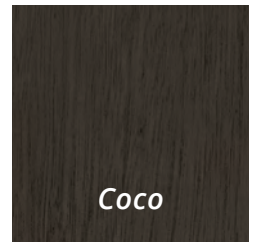

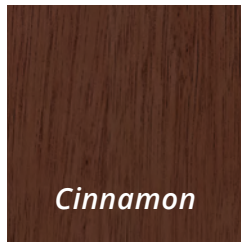

Brickmould & Casing Options

Each Port Collection unit is offered with standard 180 or S4S brickmould. You can select a different brickmould style, or add interior casing, for an additional charge. Contact your DSA Dealer for more information.

Artisan Pre-finish Options

Have your door stained by DSA's Master Artisans. We finish each door with care, applying a custom stain and protective clear coat to maximize the beauty of natural wood grain.

Hardware Options

DSA offers handlesets compatible with our Port Collection's Ashland Multipoint Active & Passive Locking System. Handlesets are available in your choice of Satin Nickel or Black finish. *Double door Port Collection configurations will require both Active and Passive handlesets.*

EMTEK® Lever Handlesets (Configuration #4)

#1 Arched

#2 Square

#3 Contemporary

- HVHZ Impact Rated

- HVHZ Impact Rated (E-01 or E-01B doors only)

Smart Lock includes GU Multipoint Lock, Active handle, Danalock V3, and Danabridge V3

Available in Black or Satin Nickel finish

Interior Danalock V3

Optional Danapad V3

Danapad V3 exterior mounted keypad also available in choice of Black or Satin Nickel

CUSTOM IMPACT DOOR OPTIONS

At DSA Doors, we produce an impressive selection of fully custom doors, and the following selections can be made on our Port Collection doors. Extra charges and extended lead time applies. Contact your DSA Dealer for further information.

Premium Impact Glass Styles

Custom glass styles are available to compliment your home, providing a personalized flair. Shadow bars can also be inserted in the glass to give the appearance of classic divided lites.

Custom Impact Doors

DSA's Custom Designers can provide a wide range of Impact options to fit any coastal home. From custom sizes and lite designs, to custom timber and decorative elements, DSA can bring your inspiration to life. Work with your DSA Dealer to begin the process of designing your custom impact door.
